

Dear Class of 2017;

The El Viejo Yearbook program has chosen to discontinue its printing of senior quotes starting with the 2017 edition of the book. This choice was made in order to provide more space in which to cover events on campus, include more students in the book, and to capture more of the Mission Viejo High School experience throughout the yearbook. Students can now look forward to more stories about current trends and events, more photographs of them and their friends at sports events, pep assemblies, outside school events and various other venues. It is our hope that the student body supports us in our effort to constantly improve the book and move forward with our goal of excellence. Go Diablos!

Sincerely,

Mrs. Ryan

El Viejo Yearbook Advisor
